Refugees from Ukraine across Europe as of 4 October 2022

**SITUATION OVERVIEW**

The majority of refugees from Ukraine initially fled to countries in the immediate vicinity. However, border policies applicable to Ukrainian nationals have allowed refugees to travel. Refugees may choose particular destination countries. Others have decided to stay closer to home, waiting for the security situation to improve.

**KEY FIGURES**

**7.6M**

Individual refugees from Ukraine recorded across Europe

**4.2M**

Refugees from Ukraine registered for Temporary Protection or similar national protection schemes in Europe

Statistics are compiled mainly from data provided by authorities. While every effort has been made to ensure that all statistical information is verified, figures represent an estimate. Triangulation of information and sources is performed on a continuous basis. Therefore, amendments to figures may occur, including retroactively.
